Four Principles of Biblical Stewardship 1 // Pastor Marty Walker

Good stewardship isn't rocket science.

1. The principle of _____.

Stewardship is about our _____ regarding the administration of everything God has placed all around us.

2. The principle of _____.

God has graciously _____ us with the care, development, and enjoyment of everything He owns... as his stewards!

3. The principle of _____.

We will all give an account to the _____
_____ as to how well we managed the things He's entrusted to us.

4. The principle of _____.

Faithful stewards who do the **master's** will... with the **master's** resources... can expect the **master's** reward... incompletely in this life, but _____ in the next.

Conversations in Community

Use these questions in your Community Groups, GROWth Groups, with your family or your friends to give you practical ways to walk out Pastor Marty's message.)

If an outsider were to look at how I use my time, energy, and resources, what would they learn about my priorities?

Would that outsider see my time, energy, and resources being put primarily towards a hope and vision/mission of renewal for our city and world?

Am I treating God as owner and CEO/CFO of "my" assets, or am I treating Him merely as my financial consultant, whom I pay a fee (10%).

What am I holding onto that's robbing me of present joy and future reward?

Am I keeping anything that's preventing me from having to depend on God?

What am I clinging to that makes me feel like I don't have to depend on God to provide like I used to before I had so much?

What could I release that could restore me to a walk of faith?
