Conversations in Community

(Use these questions in your Community Groups, GROWth Groups, with your family or your friends to give you practical ways to walk out Pastor Marty's message.)

What are some things that can short-circuit the power and ability of the Holy Spirit working through our lives?

On a scale of 1 to 4, (1 being full force — 4 being a trickle) rate yourself on how well the Holy Spirit is “flowing” through your life. Write out a plan to improve and share it with a trusted friend.

How can you distinguish your own thoughts, feelings, and impressions from the “whisper of the Spirit”?

To deepen your biblical knowledge of the baptism in the Holy Spirit, this summer, commit yourself to reading and studying the Books of Luke and Acts. Write down at least three truths every day from your reading. What did you learn from your study?
